Multiquip Inc. warrants new products manufactured by it to be free from defects in materials and workmanship, under normal use and servicing, for the periods specified on the accompanying table and commencing on the earliest of the date of sale to the first end-user or first assignment into a rental fleet (but not to exceed 36 months following delivery from Multiquip). Multiquip's sole obligation under this warranty is limited to the replacement or repair of the product or part(s) at no charge delivered F.O.B. from its designated facility, if determined by Multiquip upon inspection to have been defective in materials or workmanship.

Multiquip warrants spare or replacement parts ("Parts") will be free from defect in material and workmanship under normal use and service. If the part is shown to have a defect in material or workmanship, Multiquip shall repair or replace, at its option, such defective part.

A Warranty Claim Number referencing the model and serial number of the product, date of sale to original purchaser and date and description of the failure shall accompany all part(s), which must be received by Multiquip within 30 days from the date of failure. Upon request, part(s) must be returned to a designated Multiquip facility for evaluation. Return shipping costs are the responsibility of the claimant. Such requests by Multiquip will be made within 30 days of receiving the warranty claim. The warranty period for replacement part(s) is 30 days from the date of end-user's receipt of the part(s).

This warranty does not apply to any failures resulting from: (i) abuse or misuse or improper or unauthorized repair, alteration, maintenance or operation; (ii) accident, natural disaster or act of nature; or (iii) handling, shipping or storage.

Warranty with respect to products, parts, components and accessories not manufactured by Multiquip is strictly limited to the warranty extended by the manufacturer of those items. Engine manufacturers are solely responsible for engine warranties.

THE ABOVE WARRANTIES AND REMEDIES (I) ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND REMEDIES WHATSOEVER, EXPRESS OR IMPLIED, EACH OF WHICH ARE EXPRESSLY DISCLAIMED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, USAGE OF TRADE AND NONINFRINGEMENT AND (II) SET FORTH THE ENTIRE OBLIGATION OF MULTQUIP.

MULTQUIP SHALL NOT BE SUBJECT TO AND HEREBY DISCLAIMS (EVEN IF MULTQUIP HAS BEEN ADVISED OF THE POSSIBILITY OF THE SAME); (I) ANY OBLIGATIONS OR LIABILITIES ARISING FROM BREACH OF THE ABOVE WARRANTIES, OTHER THAN THE EXCLUSIVE REMEDIES EXPRESSLY SET FORTH HEREIN; (II) ANY OBLIGATIONS OR LIABILITIES ARISING FROM TORT CLAIMS (INCLUDING, WITHOUT LIMITATION, NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS AND PARTS SOLD BY MULTQUIP, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATING THERETO; AND (III) ANY AND ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, PUNITIVE, CONTINGENT, SPECULATIVE AND SIMILAR DAMAGES.

To avoid misrepresentations with respect to products and parts sold hereunder, this warranty may not be modified or altered except in writing signed by a duly authorized officer of Multiquip.

EMISSIONS WARRANTY RIGHTS AND OBLIGATIONS

For emissions control systems installed by Multiquip Inc.

The U.S. EPA California Air Resources Board and Multiquip Inc. is pleased to explain the emission control system's warranty starting on your 2015 model year small off-road equipment. In California, new equipment that use small off-road engines must be designed, built, and equipped to meet the State's stringent anti-smog standards. Multiquip must warrant the emission control system on your small off-road equipment for the period listed below provided there has been no abuse neglect or improper maintenance of your equipment.

Your emission control system may include parts such as: carburetors, fuel tanks, fuel lines, fuel caps, valves, canisters, filters, vapor hoses, clamps, connectors, and other associated components. For engines less than or equal to 80 cc, only the fuel tank is subject to the evaporative emission control warranty requirements of this section.

MANUFACTURER'S WARRANTY COVERAGE:

This emission control system is warranted for two years. If any emission-related part on your equipment is defective, the part will be repaired or replaced by Multiquip, Inc.

Applies to products with evaporative emissions control systems installed by Multiquip on ride-on trowels, power buggies, asphalt rollers and concrete saws.

OWNER'S WARRANTY RESPONSIBILITIES:

- As the small off-road equipment owner, you are responsible for performance of the required maintenance listed in your owner's manual. Multiquip recommends that you retain all receipts covering maintenance on your equipment, but Multiquip cannot deny warranty solely for the lack of receipts.
- As the small off-road equipment owner, you should however be aware that Multiquip may deny you warranty coverage if your fuel tank has failed due to abuse, neglect, or improper maintenance or unapproved modifications. You are responsible for presenting your equipment to a Multiquip distribution center or service center as soon as the problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days. If you have a question regarding your warranty coverage, you should contact Multiquip at 1-800-421-1244.

DEFECTS WARRANTY REQUIREMENTS:

- (a) The warranty period begins on the date the engine or equipment is delivered to an ultimate purchaser.
- (b) General Emissions Warranty Coverage. The fuel tank must be warranted to the ultimate purchaser and any subsequent owner that the evaporative emission control system when installed was:
 - (1) Designed, built, and equipped so as to conform with all applicable regulations and
 - (2) Free from defects in materials and workmanship that causes the failure of a warranted part for a period of two years.
- (c) The warranty on emissions-related parts will be interpreted as follows:
 - (1) Any warranted part that is not scheduled for replacement as required maintenance in the written instructions must be warranted for the warranty period defined in subsection (b)(2). If any such part fails during the period of warranty coverage, it must be repaired or replaced by Multiquip. Any such part repaired or replaced under the warranty must be warranted for a time not less than the remaining warranty period.
 - (2) Any warranted part that is scheduled only for regular inspection in the written instructions must be warranted for the warranty period defined in subsection (b)(2). A statement in such written instructions to the effect of "repair or replace as necessary" will not reduce the period of warranty coverage. Any such part repaired or replaced under warranty must be warranted for a time not less than the remaining warranty period.
 - (3) Any warranted part that is scheduled for replacement as required maintenance in the written instructions must be warranted for the period of time prior to the first scheduled replacement point for that part. If the part fails prior to the first scheduled replacement, the part must be repaired or replaced by Multiquip. Any such part repaired or replaced under warranty must be warranted for a time not less than the remainder of the period prior to the first scheduled replacement point for the part.
 - (4) Repair or replacement of any warranted part under the warranty provisions of this article must be performed at no charge to the owner at a warranty station.
 - (5) Notwithstanding the provisions of subsection (4) above, warranty services or repairs must be provided at distribution centers that are franchised to service the subject engines or equipment.
 - (6) The owner must not be charged for diagnostic labor that leads to the determination that a warranted part is in fact defective, provided that such diagnostic work is performed at a warranty station.
 - (7) Throughout the evaporative emission control system's warranty period set out in subsection (b)(2), Multiquip must maintain a supply of warranted parts sufficient to meet the expected demand for such parts.
 - (8) Manufacturer approved replacement parts must be used in the performance of any warranty maintenance or repairs and must be provided without charge to the owner. Such use will not reduce the warranty obligations of the manufacturer issuing the warranty.
 - (9) The use of any add-on or modified parts will be grounds for disallowing a warranty claim made in accordance with this article. The manufacturer issuing the warranty will not be liable under this Article to warrant failures of warranted parts caused by the use of an add-on or modified part.
 - (10) Multiquip shall provide any documents that describe the warranty procedures or policies within five working days of request by the Air Resources Board.
