

# **WhisperWatt™**

Prime Rating — 6 kW (7.5 kVA) Standby Rating — 6.4 kW (8 kVA) Three-Phase, 60 Hertz, 0.8 PF

### STANDARD FEATURES

- Excellent voltage regulation Power is controlled within ±0.5% of mean voltage. Self-regulated.
- Brushless Generator Design Reduces services and maintenance requirements.
- Sound attenuated, weather resistant, steel housing provides operation at 64 dB(A) at 23 feet. Fully lockable enclosure allows safe unattended operation.
- Internal fuel tank Holds 6.8 gallons (26 liters).
- E-coat and powder coat paint provides durability and weather protection.
- Easy Maintenance Design Quick, direct access to all filters. External fluid drain extensions allow fast, easy service.
- Automatic safety shutdown system Monitors low oil pressure, high water temperature and battery charge via warning lamp display module.
- Complete generator instrumentation Includes 2-pole GFCI circuit breaker, AC voltmeter, AC ammeter, frequency meter, voltage regulator,hour meter, idle control switch, warning lamp display, and ignition switch.
- Complete power panel Fully covered; three-phase terminals and single phase GFCI receptacle allow fast and convenient hookup for most applications including temporary power boxes, tools and lighting equipment. All are NEMA standard.
- EPA emissions certified Tier 4 Final emissions compliant.

### **OPTIONAL FEATURES**

- Automatic Start/Stop Control Automatically starts and monitors generator during power failure when used in conjunction with a transfer switch.
- Solid State Battery Charger Provides fully automatic and self-adjusting charging to the generator's battery system.
- Fuel/Water Separator Effectively separates damaging condensation from fuel.
- Emergency Stop Switch When manually activated, shuts down generator in the event of an emergency.
- Single Wall or Double Wall Sub-base Fuel Tanks Additional fuel cell for extended run time. Available in a variety of configurations.
- Trailer Mounted Package Highway legal trailer with electric brakes with single axle configuration. Extra capacity fuel tank is also available.

### NOTICE

Generator is not intended for use in enclosed areas or where free flow of air is restricted.

Backfeed to a utility system can cause electrocution, shock and/or property damage. **DO NOT** connect to any building's electrical system except through an approved device.

Specifications are subject to change without notice.
